

## Design & Technology KS3 Scholarship Candidates applying for Year 9

To be a Design and Technology Scholar, the candidates must be able to demonstrate the love and passion for the subject and show they have creative and problem solving abilities. A strength in Art, Maths and Science is desirable but not compulsory.

### ***What the candidate must bring to the interview:***

1. Pupils must bring a portfolio of six or more creative outcomes that demonstrate some ability in the following disciplines. Drawing, construction, model making, Computer Aided Design (CAD) and or Computer aided Manufacture (CAM). Any 3D work must be photographed from different angles and presented in the portfolio.
  - a. N.B. Please do not bring the actual 3D work.
2. A standard empty Matchbox filled with a variety of small objects to demonstrate creativity, independent thinking and spatial arrangement. A discussion about the contents will start a creative conversation.
3. Prior to assessment, please complete the following project to present.

Choose one of the following:

Packaging Design:

- (i) Research then design a new flavour and brand of Crisp Packet new brand and flavoured Crisp Packet
  - (ii) Research then design a new breakfast cereal box.
- All outcomes are to be made using appropriate materials and media.

***During the assessment interview:*** Pupils will also be given a Design and Technology assessment for an hour, which will consist of a drawing and model making test. They will also talk to the Head of Design and Technology about their portfolio work.

Portfolios will be looked at on the Friday prior to the assessment day.

Good luck to all potential scholars.

We look forward to meeting you and seeing your work.

Regards,

Dan Weaver BA (Hons)  
Head of Design and Technology at Worth School
