

## Year 8 trip to Normandy

At the end of the Summer Term in 2018, Year 8 travelled to Chateau de la Baudonniere in Normandy for a four-day language immersion experience.

Daytime activities included the much loved muddy obstacle course, archery, circus skills, and the new sport of Aeroballe.

Evening activities included team challenges, snail tasting and culminated in a French themed evening and talent show. The football World Cup added an extra layer of excitement this year.

We visited a local market to take part in French language exercises and visited the renowned UNESCO site of Mont St Michel for a guided tour of the Abbey where our pupils impressed our guide with their knowledge of the history and traditions of life in a Benedictine monastery.
